The fact that sexist language is used as **an** insult and is focused on womanhood makes it necessary for our country and the world to develop actions towards solutions.

Nevertheless, the **economic** gap between male and female football players **still** persists...

Many problems of women and **the** football world are addressed both in **the** academia and on the world media.

Method

In this respect, the importance of interviews **emerges** in terms of the subject,

A semi-structured interview form created by the researchers consisting of a total of five questions was used in the interviews with the female **eight** football

The information about the interviews **is** presented in Table 3.

This is the main reason why **the** content analysis was chosen for this study.

Results

While sharing the opinions of the participants, **the** identity of the participant was not used, only the number given to the participant was used.

Participant-3: *“Of course we have physical and anatomical differences, but our opponents are same-sex players.*

*Therefore, I don’t think **anything is setting** them or us superior to each other. Yet I think we see the value put on male football is a lot bigger than that of female football in our country.”*

Women, as they become the alienated gender, see themselves as insignificant in football. This insignificance then shows the inequality between the two genders.

Inconsistent use periods UK and U.K (You should either use periods or not)

Participant-5: *“I think there’s negative discrimination towards women. Because since the beginning, ...*

One of these mentioned assignments is, **of course**, created with the perception that football is a masculine game.

As a result of a research, Sporting Intelligence (2018) stated that even in countries where women’s football is relatively developed, among the elite players’ women earn one percent of the total of their male colleagues.

In addition, the average **first-team** salary in the Premier League rose to £ 2.64 million in 2017, while the equivalent, the average salary in the Women’s
